

## Project Development Phase

## Sprint 1

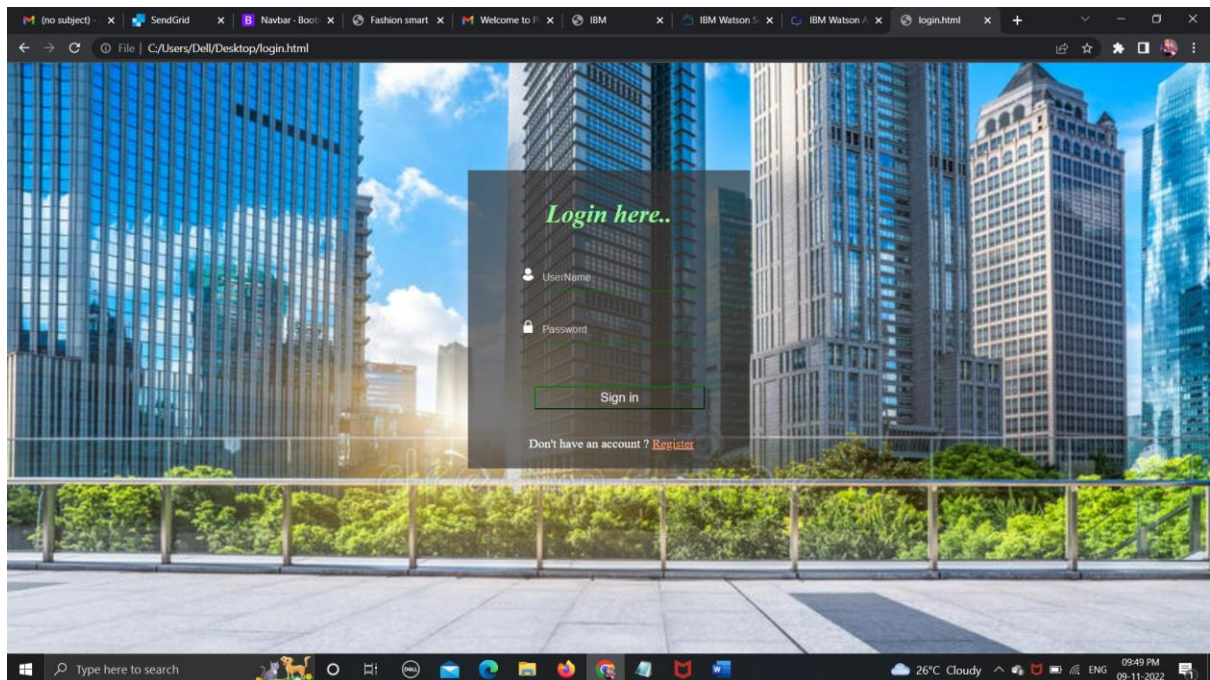

Date	31 October 2022
Team ID	PNT2022TMID01420
Project Name	Smart fashion recommender application
Maximum Marks	4 Marks

## Registration Page:

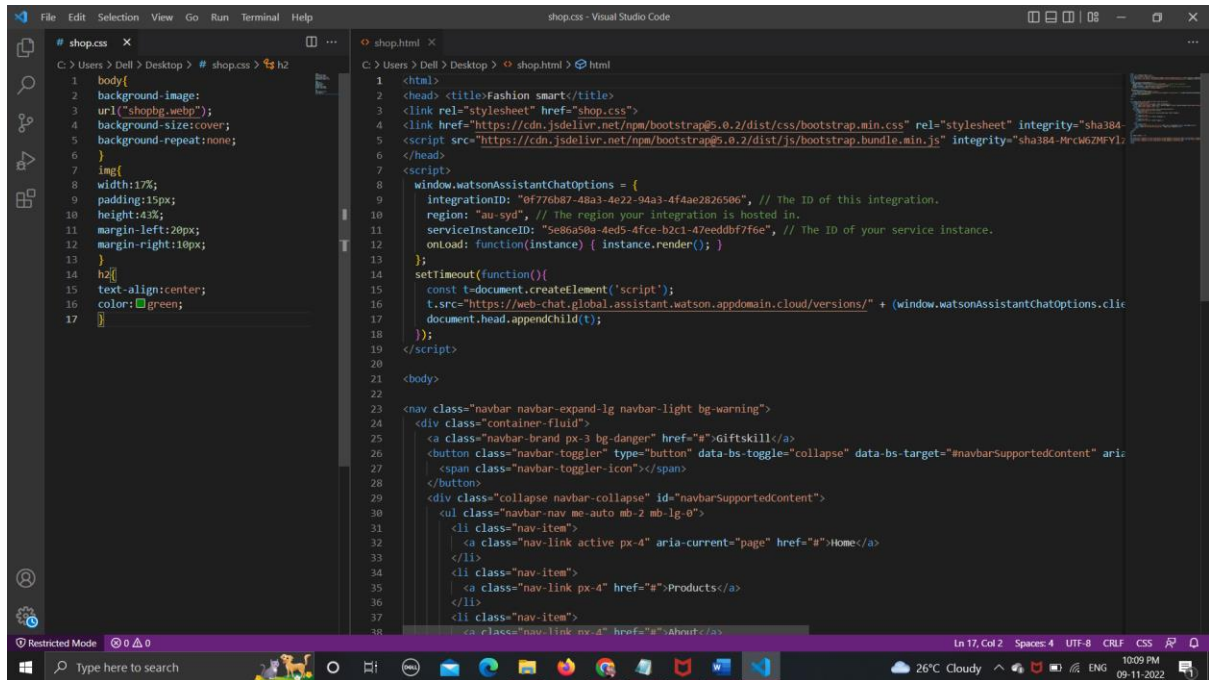

The image shows a Windows desktop with two Visual Studio Code (VS Code) windows open side-by-side. The left window, titled 'frame1.html', displays an HTML file with a login form. The form includes a text input for a username, a password input, a checkbox for 'Remember Me', and a 'Login' button. The right window, titled 'frame2.html', displays an HTML file with a registration form. This form includes text inputs for first name, last name, email, phone number, and address, a dropdown menu for state selection, a checkbox for 'I agree to the terms and conditions', and a 'Register' button. Both windows show the file explorer on the left and the search bar at the top. The status bar at the bottom of the VS Code interface indicates 'Ln 1, Col 1' and '09:12 PM 09-11-2022'.

The image is a screenshot of a web browser window. The browser's address bar shows the URL 'C:/Users/Dell/Desktop/form.html'. The page is split into two main sections. The left section, which takes up about half the width, features a background image of hands typing on a keyboard. Overlaid on this image is the text '#Gift Skill' in a pink box at the top left, and a large white heading 'Your Fashion! Our Passion..' in the center. At the bottom left of this section is a green 'Login Now' button. The right section, also about half the width, has a light blue background and is titled 'Create Account..' in purple. It contains a registration form with the following fields: 'First Name' and 'Last Name' (text boxes), a date picker set to 'dd-mm-yyyy', radio buttons for 'Male' and 'Female', a 'Phone no' text box, a '-Choose State-' dropdown menu, a 'Your Address' text area, an 'Email' text box, and a 'Password' text box. Below these fields is a checkbox labeled 'I accept the Terms of use & privacy policies'. At the bottom of the right section is a green 'Register' button. The browser's taskbar at the very bottom shows various icons, including the Start button, search bar, and several application icons, with the system clock displaying '09:48 PM'.

## Login Page:

The screenshot shows the Visual Studio Code interface with the 'login.html' file open. The code is written in HTML and includes a head section with a style placeholder, a body section with a background image, and form elements for username, password, and a submit button. The status bar at the bottom indicates 'Restricted Mode', '0 0 0', and various encoding and language settings.

## Product View Page:

The screenshot shows the Visual Studio Code editor with two files open: `shop.css` and `shop.html`.

**shop.css:**

```
1 body{
2   background-image:
3   url("shopbg.webp");
4   background-size:cover;
5   background-repeat:none;
6 }
7 img{
8   width:17%;
9   padding:15px;
10  height:43%;
11  margin-left:20px;
12  margin-right:10px;
13 }
14 h2{
15  text-align:center;
16  color:green;
17 }
```

**shop.html:**

```
1 <html>
2 <head> <title>Fashion smart</title>
3 <link rel="stylesheet" href="shop.css">
4 <link href="https://cdn.jsdelivr.net/npm/bootstrap@5.0.2/dist/css/bootstrap.min.css" rel="stylesheet" integrity="sha384-
5 <script src="https://cdn.jsdelivr.net/npm/bootstrap@5.0.2/dist/js/bootstrap.bundle.min.js" integrity="sha384-MrcW6ZfY1
6 </head>
7 <script>
8   window.watsonAssistantChatOptions = {
9     integrationID: "0f776b87-48a3-4e22-94a3-4f4ae2826506", // The ID of this integration.
10    region: "au-syd", // The region your integration is hosted in.
11    serviceInstanceID: "5e86a50a-4ed5-4fce-b2c1-47eeddbf7f6e", // The ID of your service instance.
12    onload: function(instance) { instance.render(); }
13  };
14  setTimeout(function(){
15    const t=document.createElement('script');
16    t.src="https://web-chat.global.assistant.watson.appdomain.cloud/versions/" + (window.watsonAssistantChatOptions.clic
17    document.head.appendChild(t);
18  });
19 </script>
20
21 <body>
22
23 <nav class="navbar navbar-expand-lg navbar-light bg-warning">
24   <div class="container-fluid">
25     <a class="navbar-brand px-3 bg-danger" href="#">Giftskill</a>
26     <button class="navbar-toggler" type="button" data-bs-toggle="collapse" data-bs-target="#navbarSupportedContent" aria-
27     <span class="navbar-toggler-icon"></span>
28   </button>
29   <div class="collapse navbar-collapse" id="navbarSupportedContent">
30     <ul class="navbar-nav me-auto mb-2 mb-lg-0">
31       <li class="nav-item">
32         <a class="nav-link active px-4" aria-current="page" href="#">Home</a>
33       </li>
34       <li class="nav-item">
35         <a class="nav-link px-4" href="#">Products</a>
36       </li>
37       <li class="nav-item">
38         <a class="nav-link px-4" href="#">About</a>
39       </li>
40     </ul>
41   </div>
42 </div>
43 </nav>
```
